EDUCATION

MSc in Statistics 2025

Government Dhaka College, affiliated with the University of Dhaka

BSc in Statistics March 2024

Government Titumir College, affiliated with the University of Dhaka

- Undergraduate project: "Assessing the Influence of Internet Usage on Academic Performance and Mental Health of Undergraduate Students"

RESEARCH INTEREST & TECHNICAL STRENGTHS

Survey Methodology, Impact Evaluations, Applied Econometrics (Panel Data, Multilevel Models)

Survey Programming: Kobo Toolbox, SurveyCTO

Statistical Analysis: R, Python, JMP, STATA, IBM SPSS

Visualization: Power BI, QGIS

PROFESSIONAL EXPERIENCE

Development Research Initiative (dRi)

Officer, Data Analytics January 2026 – Present

Junior Officer, Data Analytics June 2024 – December 2025

- Designed and programmed 50+ digital questionnaires using SurveyCTO and KoboToolbox, ensuring alignment with research objectives and field feasibility
- Cleaned, processed, and managed 20+ large-scale survey datasets in Stata, including complex household-level data with 35,000+ variables
- Developed high frequency checks (HFC) in STATA to support high-quality data collection and timely issue resolution
- Built real-time dashboards (Google Sheets, Power BI) integrated via API to monitor survey implementation and performance indicators
- Conducted quantitative analysis using Stata and R, generating tables, figures, and analytical outputs for research reports
- Contributed to statistical methodology development, report writing, and research documentation in collaboration with senior researchers and project teams

Research Intern (Quantitative) March 2024 – May 2024

BRAC James P Grant School of Public Health, BRAC University

- Assisted the senior statistician in drafting the final evaluation report and performed statistical analysis on BDHS and MICS datasets to compare findings with national-level indicators
- Conducted literature reviews to strengthen recommendations for improving WASH (Water, Sanitation, and Hygiene) facilities
- Monitored field research assistants, collected GIS data using SW Maps, and transcribed qualitative data from FGDs, KIIs, and IDIs

Top Rated Research Analyst (Freelancer) September 2023 – February 2024

Upwork

- Provided statistical consulting for international clients, translating research questions into analytical approaches and technical outputs
- Performed econometric and forecasting analyses (linear/logistic regression, panel models, Difference-in-Differences, ARIMA) using R and Stata

PUBLICATIONS & WORKING PAPERS

Peer-reviewed

- **Rony, A. R.**, Hossen, A., Asha, A. S., & Nahin, K. S. A. (2026). From medical necessity to private-sector dominance: a two-decade evolution of caesarean section determinants in Bangladesh (2004–2022). *Scientific Reports, Nature Portfolio*.
Published · doi.org/10.1038/s41598-026-52229-9

Preprints & working papers

- Islam, T., **Rony, A. R.**, Nahin, K. S. A., Asha, A. S., Hossen, A., & Hossain, M. G. (2026). Socioeconomic Inequality and Postpartum Depression in Bangladesh: Evidence from BDHS 2022.
Under review · doi.org/10.21203/rs.3.rs-9100287/v1
- Nahin, K. S. A., **Rony, A. R.**, Tasnim, S. J., Islam, T., Hossen, A., & Asha, A. S. (2026). The Hypertension Care Cascade in Bangladesh: A Nationally Representative Analysis of BDHS 2022.
Under review · doi.org/10.21203/rs.3.rs-9260596/v1
- Nahin, K. S. A., Hossen, A., Asha, A. S., Islam, T., & **Rony, A. R.** (2026). Reproductive Coercion as a Determinant of Anxiety and Depression Among Married Women in Bangladesh: A Nationally Representative Survey-Weighted Multinomial Analysis of the 2022 DHS.
Under review · doi.org/10.21203/rs.3.rs-9519211/v1

SOFTWARE & RESEARCH TOOL DEVELOPMENT

- **YourRA** (yourra.org). Web platform for qualitative researchers that transcribes Bangla interview audio (IDIs, FGDs, KIIs) into a verbatim Bangla transcript, English translation, and a speaker-labeled Word report with demographic tables; built after seeing manual transcription and translation slow down research teams, cutting turnaround by roughly 4× and cost by at least 67% versus manual work. Has processed 800+ minutes of audio for 30+ researchers to date
- **Stata Survey Toolkit** (github.com/ashikpydev). Suite of open-source .ado packages used across dRi survey projects; reduced repetitive cleaning workload by 25%:
 - `exportables_3way` — three-way cross-tabulations with direct Excel export
 - `exportables` — generates dummy variables from multiple-response questions
 - `multisplit` — splits multiple-response variables into labeled dummy variables, handling repeat groups
 - `exprep` — expands SurveyCTO repeat-group data into a flatter, analysis-ready format
 - `recode_oth` / `recode_rep` / `recode_nrep` — recode open-ended “other, specify” text into existing categories

CONFERENCE PRESENTATIONS

- Nahin, K. S. A., **Rony, A. R.**, Hossen, A., & Asha, A. S. (2026). Deconstructing Sex Disparities in Ideal Cardiovascular Health Among Adults in the United States: A Nationally Representative NHANES 2007–2018 Data Analysis. Poster presented at the Basic Cardiovascular Sciences Scientific Sessions, American Heart Association.
Session Tue175 · Poster Session 2 · July 14, 2026 · bcvs.apprisor.org

AWARDS AND LEADERSHIP

- **1st Place, Research Proposal Writing Contest – Govt. Titumir College Research Club (2023)**. Awarded for developing an innovative research proposal, demonstrating strong skills in study design, problem formulation, and academic writing
- **Founder President, Govt. Titumir College Analytics Club (Jan 2023)**. Established and led a student-driven platform that now connects 2,000+ members, promoting collaborative learning in data analysis and statistical methodologies
