

Ashiqur Rahman Rony

Mirpur 1, Dhaka, Bangladesh
(+880) 1772215084 • ashiquurrahman.stat@gmail.com

EDUCATION

BSc in Statistics

March 2024

Government Titumir College, Dhaka

CGPA: 3.55/4.00

Project title: “Assessing the Influence of Internet Usage on Academic Performance and Mental Health of Undergraduate Students”

RESEARCH INTEREST

• Survey Methodology • Impact Evaluations • Applied Econometrics (Panel Data, Multilevel Models)

TECHNICAL STRENGTHS

Survey Programming

Kobo Toolbox, SurveyCTO

Statistical Analysis

R, Python, JMP, STATA, IBM SPSS

Visualization

Power BI, QGIS

PROFESSIONAL EXPERIENCES

Officer, Data Analytics

June 2024 – Present

Development Research Initiative (dRi)

- Contributed to the development of statistical methodologies and analysis frameworks for technical proposals
- Designed and programmed 50+ digital questionnaires using SurveyCTO and KoboToolbox, ensuring alignment with research objectives and field feasibility
- Cleaned, processed, and managed 20+ large-scale survey datasets in Stata, including complex household-level data with 35,000+ variables
- Developed high frequency check (HFC) using STATA to support high-quality data collection and timely issue resolution
- Built real-time dashboards (Google Sheets, Power BI) integrated via API to monitor survey implementation and performance indicators
- Conducted quantitative analysis using Stata and R, generating tables, figures, and analytical outputs for research reports
- Contributed to report writing and research documentation in collaboration with senior researchers and project teams

Research Intern (Quantitative)

March 2024 – May 2024

BRAC James P Grant School of Public Health, BRAC University

- Assisted the senior statistician in drafting the final evaluation report
- Performed statistical analysis on BDHS and MICS datasets to compare findings with national-level indicators
- Conducted literature reviews to strengthen recommendations for improving WASH (Water, Sanitation, and Hygiene) facilities
- Monitored field research assistants, collected GIS data using SW Maps, and transcribed qualitative data from FGDs, KIIs, and IDIs

UpWork

- Provided statistical consulting for international clients, translating research questions into analytical approaches and technical outputs.
- Performed econometric and forecasting analyses (linear/logistic regression, panel models, Difference-in-Differences, ARIMA) using R and Stata.
- Reviewed client datasets, diagnosed data issues, and prepared analysis-ready files with clear documentation.
- Supported academic projects by explaining quantitative methods, validating model results, and assisting with interpretation for written reports.

PUBLICATIONS & WORKING PAPERS

Rony, A. R., Hossen, A., Asha, A. S., & Nahin, K. S. A. (2026). From medical necessity to private-sector dominance: a two-decade evolution of caesarean section determinants in Bangladesh (2004–2022). *Scientific Reports*. <https://doi.org/10.1038/s41598-026-52229-9>

Islam, T., Rony, A. R., Nahin, K. S. A., Asha, A. S., Hossen, A., & Hossain, M. G. (2026). Socioeconomic Inequality and Postpartum Depression in Bangladesh: Evidence from BDHS 2022. *Preprint (2026)*. <https://doi.org/10.21203/rs.3.rs-9100287/v1>

Nahin, K. S. A., Rony, A. R., Tasnim, S. J., Islam, T., Hossen, A., & Asha, A. S. (2026). The Hypertension Care Cascade in Bangladesh: A Nationally Representative Analysis of BDHS 2022. *Preprint (2026)*. <https://doi.org/10.21203/rs.3.rs-9260596/v1>

SOFTWARE & RESEARCH TOOL DEVELOPMENT

- Developed an [web application using Gemini 2.5 pro and python flask](#) for transcribing Bangla audio to generate English report for Qualitative interviews (KII, IDI, FGD)
- Developed [custom STATA packages](#) to automate survey data cleaning and basic analysis increased efficiency by 25% and improved reproducibility across projects.
- Contributed to the development of dRi's Enumerator Performance Monitoring System, applying statistical methods to identify outliers in enumerator performance (using mean, IQR, and Gaussian-based thresholds), adopted by project managers to reduce survey errors by 10%

AWARDS AND LEADERSHIP

- **1st Place, Research Proposal Writing Contest – Govt. Titumir College Research Club (2023)** - Awarded for developing an innovative research proposal, demonstrating strong skills in study design, problem formulation, and academic writing
- **Founder President, Govt. Titumir College Analytics Club (Jan 2023)** - Established and led a student-driven platform that now connects 2,000+ members, promoting collaborative learning in data analysis and statistical methodologies

CERTIFICATIONS

- [PH125.3x: Data Science: Probability](#) - HarvardX, edx
- [Statistical Inference](#) - Johns Hopkins University, Coursera
- [Data Analysis with R](#) – IBM, Coursera
